

DREAMTEX INDUSTRY

DREAMTEX INDUSTRY

OVERVIEW

Dreamtex Industry has been established keeping in mind one clear mission that is to produce high quality, comfortable socks using the latest production technology in the socks manufacturing domain.

Starting from our smart production lines to a highly skilled team ending with a very strict quality control standards, we are confident to meet our clients expectations regarding product quality, delivery dates and competitive costs.

OUR PRODUCT RANGE

TYPE	DESIGN	FORMATION	STYLE	MAIN YARNS
Kids	Crew	Plain	Formal	100% Cotton
Ladies	Quarter	Full Terry	Sports	RG Yarn
Men	Low Cut	Half Terry	Anti-Slip	Polyester
	Trainer	Angular Terry	Diabetic	Elastic
	Invisible	Technical	Football	Nylon
			Compression	Viscose
				Lycra

OUR YARNS

All our Cotton Yarn such as RG Cotton, Pure Cotton and Dyed Cotton is bought from leading yarn manufacturers within Pakistan .

We use high quality plating yarn imported from China that is mostly Polyester. Nylon is also 100% Imported.

Our demand of Elastic and Viscose is also fulfilled from within Pakistan.

We never compromise on our raw material which is the reason we are always able to satisfy our customers.

KNITTING

Using **Lonati GK**, the latest Italian socks knitting machines having options to change the needle counts have enabled us to create new, attractive, complex and elevated designs.

Our brand new **Weilite** machines have enabled us to achieve our customers demand of high end socks with the properties of fine knitting.

Our state of the art machinery has made it possible for us to get premium finishing quality where high smoothness standards are guaranteed.

GK544 S

WEILITE
